**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

**Attachment to Advisory Action**

1. The amendment filed 3/6/2008 will not be entered because it would prompt new grounds of rejection and would require further search and consideration. Specifically, claim 71 previously unambiguously required alkylstyrene, but the newly proposed amendment recites that the polymer comprise “not more than 20 wt% of an alkylstyrene.” The quantity “less than 20%” includes 0%, but it cannot be clearly determined whether it was applicants’ intention to include a polymer devoid of alkylstyrene, and therefore a new rejection under 35 USC 112, second paragraph, would be required. The expanded scope of the claims would require further consideration and search. Finally, applicants’ newly drawn structure does not correspond to an alkylstyrene as stated in the claim. Styrene compounds must have a vinyl group bonded to a ring carbon; in contrast, the drawn structure includes no vinyl group and does not correspond to a stable compound, and therefore a new rejection under 35 USC 112, second paragraph, would be required.
  
2. The prior objection to the specification and rejection under 35 USC 112, first paragraph, are withdrawn for the reasons set forth in item 3 of the Advisory action mailed 2/13/2008.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roberto Rábago whose telephone number is (571) 272-1109. The examiner can normally be reached on Monday - Friday from 8:00 - 4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
